Feedback regarding instructor and/or materials:

Very good info; which I can use; I'll recommend Craig for other conferences as a keynote or speaker!

Very enjoyable presentation style - good detail in materials

Excellent instructor, materials and course, Thanks MSCPA for bringing such a quality educational opportunity.

Thank you for providing something useful; great course, please add our office to your direct mailing list! Thanks

Best seminar I have been to in years!

Craig was very informative in an entertaining way; He left me with a lot of food for thought

Very knowledgeable, great first hand experience, made me wonder if there are any honest people out there

This class was great the first day, but seemed a little redundant & not as informative the second day

First day was excellent & helpful, 2nd day had good examples but not as educational

Very good information

Excellent!

Great Class!

Good mix of contemporary methods, would like more tools on legal implications for purveyors

Craig goes over the top

Have name tags; maybe multiple speakers for a two day conference; Great conference

lots of material in a short period of time.

Very entertaining yet educational, Thanks!
